SIDE MOUNT MEDIA FILTERS

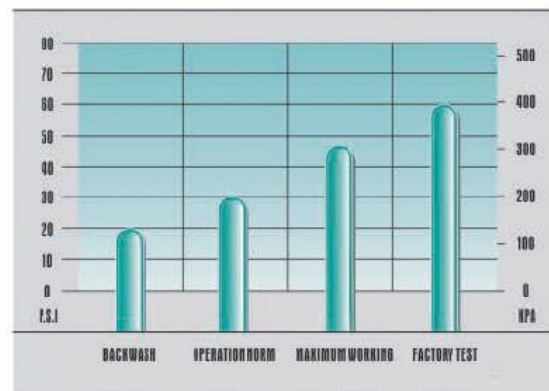

The Epic Side Mount filter is the very latest in pool filter technology, moulded of durable corrosion proof materials with an attractive Gel-coat finish. The Epic laminated side mount filter is made with unitized tank construction for years of trouble free operation. The Epic Laminated Side Mount filter is the new standard for performance, value and dependability.

Features & Advantages

- 100% tested according to NSF50 standards.
- Maximum working pressure of 300KPA.
- UV resistant Gel coat surface.
- Large trouble free bolt down multi port valve.
- Large transparent top lid for viewing media.
